

"WE"**(The WBL Trailblazers)**

We **were** a door, we **were** shoulders, we **were** pioneers, we **were** a group of "firsts" ... we **were** a template, we **were** brave, we **were** innocent, we paved the way ...

We took risks, we had a vision, we passed the baton, we overcame ... we remained steadfast, we paid it forward, we never doubted, we seized the day ...

WE WERE THERE ...

We **are** ready, we **are** worthy, we **are** historic, we **are** the past ... we **are** the present, we **are** the future, we **are** a void that continues to swell ...

We built a bridge, we made the journey, through uncharted terrain, we blazed a trail ... we will not **"go gentle into that good night"** ... we have a **story we need to tell** ...

WE ARE HERE ...

WE are waiting, undaunted, yet still in pain ... once **WE** come full circle, it will be everyone's gain.

WE are waiting, but we are still inspired ... time marches on ... we are getting older and **WE** are tired! (LOL)
