

The *She Is Not a Footnote* Alliance

A Powerful Network of Impact-Focused Leaders Changing the Narrative

The ***She Is Not a Footnote*** Alliance is a national network of visionary individuals committed to addressing the underrepresentation of women and ensuring women's stories are fully included in the telling of American history—past, present, and future.

As we approach the 250th anniversary of the signing of the Declaration of Independence—marking America's Semiquincentennial, Alliance members are helping to shape the next 250 years of American history by investing a **minimum three-year annual donation of \$15,000*** to programs that fuel the next generation of women leaders, problem solvers, and changemakers. Your donation will fund groundbreaking research, compelling storytelling, and free educational resources that will reach millions of young women to:

- Elevate the issue of women's underrepresentation as a critical gap in America.
- Transform how women's stories are told and remembered.
- Inspire young women to see their power and potential reflected in real history.

As a valued Alliance Member**, you will:

Shape the Future of the Campaign

Alliance members are invited to serve as trusted advisors—offering input on the projects and programs we fund, the content we create, and the partnerships we pursue. Your voice helps guide a national movement to rewrite the narrative.

Access to an Annual Campaign Briefing

Stay informed and inspired with updates and impact measurement reporting directly from the leadership team—join us in person if you can, or virtually if that's easier.

Given an Exclusive Advanced Look at Campaign Deliverables

Be the first to preview new campaign videos, AI-powered tools, research, stories, and creative materials.

Receive Alliance News & Access to Event Invitations

Receive exclusive campaign insights as well as invitations to events, including America 250 commemorative events.

* *All payments must be made within a three-year time period but can be gifted ahead of schedule at the discretion of the donor.*

** *Alliance member participation in benefits is optional.*

*she is not a footnote**

The Future

How Your Investment Will Fuel Broad Change

Your funding will allow NWHM to expand its reach to even more young women across the country. We'll track this campaign through targeted metrics, including reach and engagement data, regional interest, and campaign participation. By analyzing these clusters of engagement, we'll compare them to nationwide data on areas where women's representation is weakest—across the workplace, education, health, and civic engagement. This insight will guide us in designing targeted programs and developing strategic partnerships, ensuring we create meaningful, on-the-ground change in the regions that need it most.

Let's ensure **every girl** in America grows up knowing she is **not** a footnote.
